---

CAREER OBJECTIVE

To start my career in a reputed organization where I can gain practical experience, enhance my skills, and contribute to meaningful projects.

WORK EXPERIENCE

Web Development ● Internship   Feb 2025 - Present

Elite Softwares, Virtual

- Built a full-stack fitness tracking web application using Django, enabling users to log workouts, track progress, and set fitness goals. ● Led the design and implementation of user authentication, workout logging features, and dashboard analytics with PostgreSQL and Django ORM.
- Drove integration of RESTful APIs for real-time data visualization and third-party fitness device compatibility. ● Learnt Agile development practices, Git version control, and deployment workflows using Heroku/AWS.

Python Development ● Internship   Oct 2024 - Nov 2024

CodSoft, Virtual

Built multiple Python-based projects and scripts, focusing on problem-solving, automation, and data handling tasks. Completed a series of task-based assignments involving file handling, data structures, and algorithm implementation. Learnt core programming concepts, best coding practices, and debugging techniques through hands-on project work.

EDUCATION

Bachelor of Engineering (B.E), Computer Science s Engineering   2023 - 2027

Zeal College Of Engineering And Research

TRAININGS / CERTIFICATIONS

Django

Feb 2025 - Mar 2025

Elite Softwares, Virtual
